

START YOUR CHILD'S JOURNEY TO A MORE CONFIDENT SMILE

with our flexible payment options

Is your child worried about their smile or waiting to start treatment? Are you looking for convenient, remote treatment monitoring and reduced clinic visits?

At QO, we can help to restore your child's confidence by starting their orthodontic treatment sooner through our flexible payment options, making braces accessible to everyone.

Rachel, age 15
Invisalign patient

We remember what it's like to be teenagers and we appreciate how self-conscious young people can feel if they have to wear braces during their teen years. That's why our team use Invisalign for many of our young patients!

STEP ONE

Choose from a range of orthodontic treatment options
Including Invisalign clear and removable aligners - perfect for teens with active lifestyles!

1 ✓ jazz your braces up with colours!

2 ✓ no wires, metal, brackets
✓ invisible way to straighten teeth
✓ play sports and music
✓ continue to enjoy the food and drink you love!
✓ customise with Invisalign stikables!

3 ✓ cosmetic alternative to a metal fixed brace
✓ stays looking great due to high quality materials

Amia, age 8
Invisalign patient

Did you know?
Over 11 million patients have benefited from Invisalign treatment, and now children can enjoy those benefits too! At Queensway Orthodontics, we offer Invisalign First treatment specifically made for growing smiles.
