I am very pleased with my new teeth and smile as it has improved my self confidence before I had treatment I didn't like smiling as I felt self conscious. Having the treatment has given me my smile back again. Friendly and helpful staff. I was scared about getting the brace fitted

because I got told it hurt, however it wasn't that painful and I am really happy with the results. I wasn't happy with my old smile, now I love my new one. Treatment is great and reception are kind and helpful.

The service and the treatment are both great - I love my new smile, a lot better than the old one. The service is a lot really good, and the treatment is really good. Great customer service all round - I love my new smile thanks. Very friendly service treatment

always explained thoroughly and any questions answered - I was a little nervous before treatment started but with a great service I was always re-assured and I am really pleased with the results! The only thing I would change is I wish I had done it earlier! Thanks to everyone at Queensway.
