Everything from service to treatment was great.

Before I got braces I wasn't comfortable with my teeth because I thought everyone was staring at them. Now my braces have been took off I can walk around with confidence and show off my wonderful new smile

I am a lady in my late 50s and felt I had left it too late to improve my teeth, how wrong I was. I wish I had done it many years ago. My profile smile has improved so much; it was always something I was aware of. I would advise anyone who is thinking of treatment not to hesitate and just go for it. The team at Queensway

are all friendly and put me at ease right away. The discomfort of the braces in the first few weeks was certainly worth it. Thank you to all at Queensway.

All staff have been very friendly and explained all steps of the treatment well.

I used to cover my mouth when speaking because I hated my teeth that much but now I feel happy and confident to show off my smile due to the great work Queensway have done. Thank you.

Previously, shy, less confident, anxious, now confident and very happy
