Patient Comments

37 responses

I was really embarrassed about my smile before the treatment because my teeth were really wonky but after I got braces I like my smile.

I found the whole service very good - I have gained a lot of confidence with my smile.

Very nice people and help with anything - before treatment my smile wasn't very

nice after my braces it has turned into a very nice smile I would recommend anyone to come here.

Making my teeth straight - I was very self-conscious with my teeth before I started my treatment I am so pleased with them now.

Give good information about getting braces on.

No complaints - Always accommodating for apps, friendliness, determination to get my teeth straight.

Put a bigger smile on my face - I would never smile with my mouth open before I got my braces and now I think my teeth took fantastic I couldn't be more proud and thanks the staff enough.

Friendly service, clear explanations, and

patience - I'm really glad I stuck it out to the end. I was really scared at first of it hurting or been uncomfortable. But when you get your braces it just becomes normal after a few weeks by the end of it I had nice looking teeth again.

Good service - the treatment and service is very good, I would recommend Queensway to anyone.
