Options to suit you and your lifestyle

Metal Fixed

Ceramic Fixed

Invisalign

	METAL FIXED BRACES	CERAMIC FIXED BRACES	INVISALIGN
Appliance Types	Metal fixed appliances consist of small metal brackets attached to the front of the teeth. The wires are then used to move teeth into the desired position giving the orthodontist complete control over the tooth movements. There is also the option to choose coloured bands which are used to hold the wire in place.	Ceramic braces are a much more discreet option due to the tooth coloured brackets. The In Ovation C system holds the wire in place with a clip, avoiding the need for elastics, meaning the brace looks great from start to finish and doesn't discolour with foods.	Invisalign is a virtually invisible way to straighten your teeth using a series of clear, removable trays. Advanced 3D technology allows you to visualise your complete treatment based on your Dr's prescription. A great option for patients of all ages seeking wire-free, discreet treatment.
Diet and Lifestyle	Care needed to avoid hard, sticky and chewy foods	Care needed to avoid hard, sticky and chewy foods	Can be removed for eating and cleaning, as well as dentist visits, playing sport and music
Treatment Cost	From £1575 - £3995	From £2095 - £4495	From £3125 - £4495

Payment Options

We offer a range of different payment options allowing you to achieve your new smile. If you would like to discuss any of these options or make arrangements to set up a finance plan please contact us.

Payment in Full

Payment for your treatment can be made in full by cash, card, cheque or bank transfer.

Direct Debit

We offer the option to pay by Direct Debit. This requires a deposit which is paid before treatment begins. The balance can then be spread over a term to suit you.

0% interest free or low cost Finance

Provided by V12 Retail Finance we offer a range of low cost finance options tailored to your budget which allow you to pay for your treatment over 24, 36 or 48 months*.

Terms & Conditions: Credit provided by V12 Retail Finance. Subject to status. Low cost loans are based on 9.9% APR representative over a selected monthly period of 24, 36 or 48 months. An initial deposit must be paid or a finance plan in place before your braces are fitted. For further terms and conditions please visit our website at www.queenswayorthodontics.co.uk or contact the practice.
