## Patient Comments

39 responses

*I am pleased with my treatment and end result the staff are very friendly - guy and Laura have been great and I'm happy with the end result - I am really pleased with my new smile, so happy I've had the braces on well worth 18 months of treatment.*

*Quick, uncomplicated process with fantastic results, I love my teeth thank you, I hated my smile before the treatment and cannot believe the results now. The process was quicker and simpler than expected but*

*definitely worth the wait. After a couple of weeks you don't even notice the braces. I am over the moon with the results and would definitely recommend it.*

*Excellent service throughout - callum always felt comfortable and understood the process plus what was required of him.*

*A friendly and efficient reception service, who go out of their way to arrange and re-arrange appointments*

*to suit, a quality service I would recommend to anyone needing orthodontic care - so please with the service I have received over the past 18 months well worth it and I am pleased with the end result - I had incognito brace on the top and standard brace on the bottom, I saw results so quickly and my confidence improved as a result. I noticed I smiled more and no longer felt self conscious. I love my smile and my teeth are now perfect.*
